Summary

I'm a **Full Stack Developer** with over **5 years of professional experience**, including **4 years specializing in the MERN stack**. I've built and optimized a wide range of **web applications** — from **SaaS platforms** and **e-commerce** solutions to **dashboards** and **API-driven systems** — with a strong focus on **scalability, performance, and clean architecture**.

Experience

Global Market Insights Inc.   **August 2024 - Present**
Full Stack Developer   Pune
🔗 https://gminsights.com

- Delivered **scalable**, **high-performance features** across multiple platforms, improving **reliability** and **user experience**.

- Designed **microservices**, **automation tools**, and core portal functionalities while contributing to **architecture** and **technical strategy**.

- Mentored developers and earned **Ace Performer Award** for impactful engineering contributions.

Fargowiz Ltd. Company   **Feb 2022 - August 2024**
Full Stack Developer   Jaipur, Rajasthan
🔗 https://fargowiz.com/

- Delivered full-stack solutions across multiple **AI**, **healthcare**, and compliance products, improving **accuracy**, **efficiency**, and **user experience**.

- Led key **development and architectural contributions**, **optimizing performance** and ensuring **scalable, reliable systems**.

- Collaborated with cross-functional teams and clients, consistently **delivering high-quality features** and earning strong customer appreciation.

Alacrity E-Commerce Solutions Pvt. Ltd.   **April 2015 - June 2016**
Content Management Associate   Nagpur, Maharashtra
🔗 https://alacritysolutions.in/

- Managed and optimized product pages using **CMS**, ensuring accurate inventory, catalogs, and pricing while enhancing visibility through **SEO-driven** keyword strategies.

- Created **upscaled product** versions to **boost sales and engagement**, leveraging **HTML, CSS, Excel, and Photoshop** for efficient content management.

Education

P.I.E.T Nagpur, RTM Nagpur University   **Aug 2010 - Jul 2014**
Engineering   B.E (Electronics And Communication)

Awards

Ace Performer   **March 2025**
Global Market Insights Inc.

Skills	**Frontend**		**Backend**
	React.js, Next.js, Redux, TanStack React Query, HTML, CSS, Tailwind		Node.js, Express.js, Prisma, Redis, Hono.js, sql, Auth, web sockets
	Languages		**Databases**
	Javascript, Typescript, sql, python		MySQL, MongoDB, Postgres, Redis
	Cloud Platforms		**Tools**
	AWS, GCP, Cloudflare, EC2, Lambda, S3, CloudFront, Severless		Docker, CICD, Dialogflow, Twilio, Jest, turborepo, Bullmq

---

Projects

Sample Automation Portal – Global Market Insights Inc.
Automated the creation of masked samples for market research reports

- Developed an **end-to-end system** to automate sample generation, replacing a fully manual document creation process.

- Built **backend APIs**, **integrated third-party services**, and designed a **React-based dashboard** for managing reports.

- Reduced manual effort and turnaround time for report preparation by **automating docx file generation**.

Node.js, Express.js, React.js, MySQL, MongoDB, Docx.js

Translation Automation Portal – Global Market Insights Inc.
Automated report translations with high-performance, parallelized processing

- Designed a **queue-based translation workflow** to **process multiple reports concurrently**.

- Reduced average translation time from 30–40 minutes to under 10 minutes per report, **enabling faster multi-language delivery**.

- Integrated **third-party translation APIs** and **optimized database handling** for **performance** and **scalability**.

Node.js, Next.js, Hono.js, MySQL, Third-party Translation APIs

Conversatum – AI Voice Analysis Platform
AI-powered voice analysis platform for meeting transcription and insights
🔗 https://conversatum.co/

- Built an **AI-driven platform** to transcribe, summarize, and analyze meeting audio with speaker identification using **OpenAI Whisper API**.

- Developed **backend services** and integrated **web and mobile interfaces** for seamless **voice-to-text analytics**.

Next.js, React Native, Node.js, Express.js, MySQL, GCP
